

PF-1000DC

13-July-2022

A rave review and **RECOMMENDATION** for our PF-1000DC power filter/DC blocker by the “Stereo i Kolorowo” magazine.

TAGA Harmony power filter has a highly beneficial effect on the sound of connected devices – makes it more open, intensified and pure. Gives it more energy, dynamics and harmony. It significantly reduces background noise. It smooths the sound. I recommend that every hi-fi adept would experience this phenomenon by themselves, given that the price of the PF-1000DC which is extremely competitive, and thus significantly expanding the circle of potential customers. Recommendation!
